YMCA PLEDGE TO ALL PENNSYLVANIANS

For decades, YMCAs in the Commonwealth of Pennsylvania have been committed to the health and safety of all who enter our facilities and participate in our programs. We have always worked hard to provide the safest experience possible. In light of COVID-19, this commitment has grown even stronger.

The COVID-19 pandemic has brought isolation, depression, unemployment, food insecurity and more. As a leading non-profit organization dedicated to ensuring every member of our community has the opportunity to learn, grow and thrive, the YMCA is needed now more than ever.

In many of our communities, Ys are stepping up to provide solutions to the needs created by the pandemic. From connecting those feeling isolated to collecting and distributing meals and food, to providing essential childcare to supporting neighbors experiencing homelessness, Ys are helping our friends, families and neighbors. We pledge to continue to listen to those we serve, remain flexible and be responsive to what our communities need.

We have worked to implement numerous protocols and procedures that provide the safest experience possible—and we won't stop. The health and safety of those we serve and our communities at large remain our greatest priority and are the central focus of our operations and staff teams, especially as COVID-19 infections rise.

This is our commitment to protect the health, safety and well-being of our members, staff, those we serve outside of our walls and everyone who visits our facilities by following federal, state and local public health guidelines.

We stand in solidarity with our fellow YMCAs across Pennsylvania.

GREATER CARBONDALE YMCA PLEDGE TO OUR COMMUNITY

We pledge to continue to:

- **foster** a socially responsible environment that aligns with our core values of caring, honesty, respect and responsibility.
- **provide** the safest experience possible.
- **support** every member of our community to grow strong in spirit, mind and body.
- **maintain** aggressive cleaning and disinfection protocols throughout our facilities.
- **administer** temperature checks to everyone entering our facilities.
- **adhere** to social distancing guidelines and have adjusted our facilities to ensure social distancing is possible at all times.
- **provide** readily available hand sanitizer and/or hand washing stations.
- **train** all our employees on the policies and procedures we have implemented to create the safest experience possible.
- **require** masks and use personal protective equipment.
- **be available** to speak with you directly about any questions or concerns.
- **provide** a welcoming and inclusive community, now enhanced with new safety protocols and procedures.
